This clean up day is for City **RESIDENTS ONLY**. If you are caught bringing in material from outside of the city limits or allowing someone else to bring something in and disposing of it for them, you may be fined. Neighbors watch for people bringing in items and our cops will be advised to do more patrols. We thank you for your cooperation in this. This clean up day is a benefit to residents and when abused, the City Council needs to re-evaluate if it should continue. Please remember that the \$.75 you pay monthly helps to fund this event and also to keep our compost site available to residents.
